

please leave the xm traffice and weather ALONE!!! its the one place you can get the REAL TRAFFICE UP DATES!!!! you should take the time and set down and just hear .

iam an over the road trucker. if you ever get a chance try getting traffice up dates for Chicago IL. they just give you the names of the highways not the numbers. you take an out of state driver and how are they too know the names? with xm they give you the names and highway numbers! xm up dates it about every three min. not every ten or so. that can make a world of change in how you get from point A to point B!!!

thank you for your time.
